A. A certain Balance must of necessity appear to be (on the face of the Accounts current) in the hands of each Deputy (in number, 547,) at the expiration of each Quarter, which Balance, by the operation of the Remittances by instalments, will be nearly discharged in five days after the Quarter closes.

B. Balances in the course of Payment, in liquidation of which, Bills to the amount of £. 24. 12 *s.* 9 *d.* have been remitted since Quarter-day.

C. The Balances from the West India Deputies (17 in number,) and from the Deputy Postmasters General of Canada and Nova Scotia, are in regular course of Payment; and Bills to the amount of £. 820 have been remitted since Quarter-day.

D. Balances in the course of liquidation.

E. An Exchequer Process was sent out to the Law Officers of Jamaica, to enforce Payment of this Balance; and a verdict has just been obtained against the late Postmaster.

G. Old Balances in the course of payment, and some under prosecution.

H. The reasons which apply to the letter A. are strictly applicable to these Balances, which are in the hands of 276 persons.

I. This Balance has been since remitted.

K. This Balance is invariably remitted before the expiration of the Quarter.

L. The greatest part of this was advanced for weekly Wages to Letter-carriers, and Copper in hand.

M. In liquidation of these Balances, Bills to the amount of £. 591 have been remitted since Quarter-day.

N. This Balance was paid into the Bank of England, on the following day.

LAND REVENUES OF THE CROWN.

N° 142.—AN ACCOUNT of the TOTAL AMOUNT of the ARREARS and CURRENT BALANCES due on the 5th day of January 1823, from the several Persons employed in receiving or collecting the Land Revenue of the Crown in England and Wales, from the 5th day of January 1774.

PUBLIC ACCOUNTANTS.

N° 143.—A LIST of the PUBLIC ACCOUNTANTS, in respect of whom the execution of any Process or Proceeding, under the Act 39 & 40 Geo. 3. c. 54, or otherwise, for recovering any BALANCES ascertained or declared to be due from them for Principal and Interest, or any part thereof, hath been controlled, suspended or prevented by the authority of His Majesty, between the 5th January 1822 and the 5th January 1823; specifying the Amount of BALANCES originally ascertained, or declared to be due from such Persons respectively, and the several Sums still remaining due from them, and the Causes for which the execution of such Process or Proceeding has been controlled, suspended or prevented.

NAMES of ACCOUNTANTS.	Amount of BALANCE originally stated to be due.	Amount remaining due.	CAUSES for which the execution of Process or Proceeding has been controlled, suspended, or prevented.
The Executors of Samuel Trott, Esq. deceased, as President and Commander in Chief of the Bermudas, from the 16th of June 1810 to the 24th of August 1811	£. s. d. 384 18 5	Even and Quit	The Account was declared on the 23d of July 1817, with a Balance due from the Accountant to the public, of £. 384. 18. 5. The executors of the Accountant paid to Mr. Butterfield, the Attorney General of the Bermudas, on the 17th September 1821, the sum of £. 697. 5. 1. Bermuda currency, equal to £. 464. 16. 9. sterling, being the amount then due for principal and interest in respect of the said Balance; and Mr. Butterfield, after deducting certain expenses, amounting to £. 5. 14. Bermuda currency, remitted to the Solicitor to the Audit Board, a bill for £. 419. 2. 6. sterling, which sum was paid into the Exchequer on the 22d day of February 1822, leaving a small balance of interest due, from the payment of which the Commissioners of Audit recommended that the representatives of the Accountant should be relieved; and a Warrant under His Majesty's Royal Sign Manual, dated the 27th February 1822, was granted for relieving the heirs, executors, and administrators of the Accountant accordingly.

N° 143.—A List of the Public Accountants, &c.—*continued.*

NAMES of ACCOUNTANTS.	Amount of BALANCE originally stated to be due.	Amount remaining due.	CAUSES for which the execution of Process or Proceeding has been controlled, suspended, or prevented.
James Gambier, as Consul General at Lisbon, from the 29th November 1805 to the 5th January 1806 - - -	£. s. d. 627 19 10½	Even and Quit	The Account was declared on the 31st July 1816, with a Balance due to the public, of £.627. 19. 10½. arising from surcharges. Subsequently to the declaration of the account, application was made by the Accountant, for relief from various of those surcharges; and it appearing equitable that relief should be granted in some respect, the Balance was by such allowances reduced to £.471. which sum was paid into the Exchequer on the 31st day of December 1819; a Warrant was therefore submitted for His Majesty's Royal Signature, dated the 10th June 1822, for relieving the Accountant from the remainder of the balance.
Beverley Robinson, Captain in the Royal Regiment of Artillery, as Acting Assistant Barrack Master General at Gibraltar, from the 29th August 1815 to the 31st May 1816 - - - - -	118 - -	Even and Quit	This Balance of £.118. was paid into the Exchequer on the 13th April 1821. It arose from a surcharge in respect of pay due to the Accountant's late father, Lieutenant Colonel Robinson, as Assistant Barrack Master General at Gibraltar, at the time of his decease, to which he was entitled, but which was improperly charged in this account. The Commissioners for Auditing the Public Accounts suggested to the Lords of the Treasury, the propriety of relieving the Accountant from payment of interest upon this Balance; and a Warrant, under the Royal Sign Manual, dated the 10th of June 1822, was granted for this purpose.
Representatives of Charles Bacon, Esq. deceased, for Works carried on under the superintendence of the late James Wyatt, Esq. deceased, at the Houses of Parliament, the Speaker's House, and Commons Journal Office, from Michaelmas 1800 to 6th January 1812; and for payments to Tradesmen for Works carried on under his own superintendence, at the same place, to the 6th January 1814 - - - - - - -	485 12 8¾	Even and Quit	This Balance was paid into the Exchequer on the 25th day of June 1819. The Commissioners for Auditing the Public Accounts suggested, that, under the circumstances of the case, it would be fit and proper to relieve his representatives from the payment of interest that had accrued upon the said balance, between the 5th July 1816 and the 19th June 1819; and a warrant under the Royal Sign Manual, dated the 10th of June 1822, was granted for this purpose.
Representatives of Captain John Montresor, deceased, as Chief Engineer in North America, from 1st October 1768 to 30th September 1778 - - -	48,306 - -	- - -	The Account was declared on the 25th July 1798, with a Balance due to the public, of £.48,306. The representatives of the Accountant having submitted various claims to the consideration of the Lords of the Treasury, which were under investigation, they submitted a warrant for His Majesty's Royal Sign Manual, dated the 21st of June 1822, for suspending and preventing the execution of any process or proceeding in the court of Exchequer, for the recovery of the said balance, or of any interest, until His Majesty should signify his pleasure thereon.
Representatives of Prideaux Selby, Esq. as Receiver General of the Province of Upper Canada, from the 1st of January 1811 to the 9th of March 1813 - -	953 13 $8\frac{1}{4}\frac{7}{10}$	Even and Quit	The Commissioners for Auditing Public Accounts represented to the Lords of the Treasury, that the sum of £.779. 12. $4\frac{1}{4}\frac{7}{10}$ths, the whole of the available assets of the Accountant which came to the hands of his representative, had been paid to the present Receiver General of Upper Canada, in part discharge of the said Balance of £. 953. 13. $8\frac{1}{4}\frac{7}{10}$ths, due on the final account of the said Prideaux Selby. Their Lordships, therefore, and in consideration of the services of the Accountant, and of the losses sustained by him in the course of the war, submitted, for His Majesty's Royal Sign Manual, a Warrant, dated the 13th of September 1822, for relieving the representatives of the Accountant from the payment of the sum of £. 174. 1. 4. being the remainder of the principal debt, and from all interest which had accrued thereupon.

Representatives of Sir William Myers, Bart. deceased, as late Barrack Master in the West Indies, from the 25th of March 1795 to the 24th of June 1798 -	4,265 10 4	Even and Quit	The Account was declared on the 31st of July 1818, with a Balance due to the public, of £. 4,265. 10. 4. the whole of which sum had since been paid into the receipt of the Exchequer. The Lords of the Treasury, in consideration of the difficulties to which the family of the Accountant have been exposed, in consequence of his death, and also of the death of his son and executor, before his accounts were settled, submitted, for the Royal Sign Manual, a Warrant, dated the 29th of November 1822, for discharging the representatives of the Accountant from the payment of the interest which had accrued upon the said Balance subsequently to the declaration of the Account.
Michael Sutton, Esq. as Assistant Commissary General at Demerara and in the Island of St. Vincent, from the 25th of April to the 24th of August 1796 -	8,089 2 1 $\frac{3}{4}$	Even and Quit	The Account was declared on the 28th of July 1820, with a Balance due to the public, of £. 8,089. 2. 1$\frac{3}{4}$. principally arising from surcharges. The Accountant appeared to be indebted also in respect of public monies, advanced to him by the late Commissaries General, Valentine Jones and John Glasfurd. The Accountant, by indentures of lease and release, dated the 23d and 24th March 1821, conveyed certain premises to which he was entitled in the Island of St. Vincent, to trustees, nominated and appointed in His Majesty's behalf, upon trust to sell and dispose of the same, and to pay the proceeds of such sale into the receipt of the Exchequer, towards satisfaction and discharge of the debts before mentioned. The Accountant was also entitled to certain arrears of pay and half-pay, which became due to him in respect of his appointment as Assistant Commissary General; and he urged his claim for consideration in consequence of his having afforded the necessary evidence to enable proceedings to be had against Commissary General Valentine Jones; and he submitted a proposal for relinquishing all claims to the surplus of the proceeds of the property at St. Vincent, and also to the arrears of his commissariat pay and half-pay, upon condition of being relieved from all responsibility in respect of his transactions and accounts. Upon an investigation of this proposal, it appeared that the principal part of the surcharges in his accounts were, made upon the ground of irregularity; but that the greater part of the articles, the charges for which were disallowed in his cash accounts, were credited in his store accounts; and from the complicated nature of the said transactions, and the great distance of place and time, the final settlement of the accounts relating thereto, would be attended with great difficulty and delay. It further appeared, that the pecuniary situation of the Accountant was not such as to afford reason to believe, that the further investigation of the accounts would be productive of any beneficial result to the public. Their Lordships, therefore, submitted to His Majesty, that the Accountant's commission as an Assistant Commissary should be cancelled, and that he should be relieved from any further responsibility in respect of his accounts, upon relinquishing all claim to his arrears of pay and half-pay, and to any surplus which might arise from the sale of his estates at St. Vincent, and all other claims whatsoever against the public, in respect of the said service. The Accountant having executed a Deed for that purpose, on the 21st November 1822, he was relieved from further responsibility by His Majesty's Royal Sign Manual Warrant of the 4th January 1823.

Whitehall Treasury Chambers, 21st March 1823.

(*a*) THIS Receiver General, under the special circumstances of his case, is allowed by the Lords of the Treasury, an enlargement of time till the 5th of April next, for the reduction of his Balance.

The Sums which the Receivers General are allowed to retain out of the Monies received by them, for the purposes of meeting demands made on them, between the periods of their Receipts, do not in any case exceed £. 500. The excess of Balances beyond that amount appearing in some cases in this Account, is in a course of remittance under their contracts, or is the amount of Sums received on Arrears, which, under those contracts, will remain in their hands, until, by further Sums received, they amount to £. 500.

OBSERVATIONS.

A. A certain Balance must of necessity appear to be on the face of the Accounts Current, in the hands of each deputy (in number 547) at the expiration of each quarter, which balances, by the operation of the remittances by instalments, will be nearly discharged in five days after the quarter closes.

B. Balances in course of payment, in reduction of which Bills to the amount of £. have been remitted since Quarter day.

C. The balances from the West India deputies, (17 in number) and from the Deputy Postmaster General of Canada and Nova Scotia, are in regular course of payment. Bills to the amount of £.776.4.5. have been remitted since Quarter day.

D. Balances in the course of liquidation.

E. This account is made up to the 5th July 1823, the subsequent accounts having been returned for correction. Bills to the amount of £.800 have been received since Quarter day.

F. This balance is in course of liquidation.

G. This debt has been paid.

H. The Amount of verdict given against Mr. Marsh has not yet been received, for want of certain explanations referred to Jamaica, which are expected by the next packet from that island.

I. The reasons which apply to letter A. are strictly applicable to these balances, which are in the hands of 276 persons.

K. Old balances in the course of payment, and some under prosecution.

L. This balance has been since remitted.

M. This balance is invariably remitted before the expiration of the Quarter.

N. The greatest part of this was advanced for weekly wages to letter-carriers, and copper coin in hand.

O. This balance was paid into the Bank of England the following day.

PUBLIC ACCOUNTANTS.

N° 146.—A LIST of the PUBLIC ACCOUNTANTS, in respect of whom the execution of any Process or Proceeding, under the Act 39 & 40 Geo. 3. c. 54. or otherwise, for recovering any BALANCES ascertained or declared to be due from them for Principal and Interest, or any part thereof, hath been controlled, suspended or prevented by the authority of His Majesty, between the 5th January 1823 and the 5th January 1824; specifying the Amount of BALANCES originally ascertained, or declared to be due from such Persons respectively, and the several Sums still remaining due from them, and the Causes for which the execution of such Process or Proceeding has been controlled, suspended or prevented.

NAMES of ACCOUNTANTS.	Amount of BALANCE originally stated to be due.	Amount remaining due.	CAUSES for which the execution of Process or Proceeding has been controlled, suspended, or prevented.
Thomas Dolce, Esq. as Paymaster of Pensions to French and Corsican Emigrants in Sicily, from the 1st Jan. 1815 to the 31st December 1816	£. s. d. 739 13 3	£. s. d. 706 19 8½	The Account was declared on the 31st July 1818, with a Balance due to the public of £.739. 13. 3. including certain disallowances by way of surcharge. The Accountant having subsequently produced vouchers for three payments of pensions, amounting to the sum of £.32. 13. 6½. made by him after the transmission of his final account to the Commissioners for Auditing the Public Accounts, the Lords of the Treasury submitted a Warrant for the Royal Sign Manual, dated the 7th February 1823, for relieving the Accountant from rendering any further account of the said sum of £ 32. 13. 6½. (part of the said Balance), and from the payment of all interest which had accrued upon that sum.
Representatives of John Kemp, Esq. deceased, as Purveyor to the Forces at Guernsey, North Yarmouth, Malta and Egypt, from 25th Dec. 1799 to 24th June 1801	20 18 3	Even and Quit	The Account of Mr. Window, Agent for Regimental Infirmaries, in which Mr. Kemp's receipts and disbursements were incorporated, was declared on 13th July 1813, with a Balance admitted to be due from Mr. Kemp of £. 20. 18. 3. In a subsequent account of Mr. Kemp, he was in surplusage 16*s.* 5¼ *d.* reducing the Balance due by him to the public to £.20. 1. 9¾. The Commissioners of Audit represented to the Lords of the Treasury, that the Accountant had died insolvent, and that his widow and administratrix was left with scarcely any other income than her pension of £. 40 per annum to support herself and four young children; and they recommended that the amount of the said Balance should be allowed. A Warrant, under the Royal Sign Manual, dated 28th February 1823, was granted for this purpose.

N° 146.—A List of the Public Accountants, &c.—*continued.*

NAMES of ACCOUNTANTS.	Amount of BALANCE originally stated to be due.	Amount remaining due.	CAUSES for which the execution of Process or Proceeding has been controlled, suspended, or prevented.
Representatives of Eyre Massey, Lord Clarina, deceased, as late Commanding Officer in Nova Scotia, in the years 1776, 1777 and 1778	£. s. d. 217 14 9¾	Even and Quit	The Account was declared on 4th February 1809, with a Balance due to the public of £. 217. 14. 9¾. The Commissioners for Auditing Public Accounts having represented to the Lords of the Treasury, that the distressed circumstances of Lady Clarina, widow of the Accountant, would have put it out of her power to discharge the above Balance when the account was declared; and having further represented that she died in the year 1815, and that no will had been proved, or administration of her effects taken out, and they apprehended that there were no personal representatives who could now be made liable for the payment of the Balance in question, their Lordships, under the peculiar circumstances of this case, submitted a Warrant for the Royal Sign Manual, dated 16th April 1823, for relieving the representatives of the Accountant from rendering any further or other account of the said Balance.
Representatives of John Pringle, Esq. deceased, as Commissary General at the Cape of Good Hope, from the 1st September 1795 to the 31st October 1803	2,034 – –	Even and Quit	The Account was declared on 26th July 1811, with a Balance due to the public of £. 1,451. 11. 11½. arising from surcharges, increased to £. 2,034. by interest, computed since the declaration of the account in question. The widow and executrix of the Accountant having paid into the Exchequer the sum of £. 2,034. being the amount of principal and interest, at the rate of four per cent per annum, to the day of payment, the Lords of the Treasury submitted a Warrant for His Majesty's Royal Sign Manual, dated 24th April 1823, for relieving the representatives of the Accountant from making any further payment in respect of interest, the same being chargeable, under the provisions of 39 and 40 Geo. 3. c. 54, at the rate of five per cent per annum.
The Right honourable Sir Charles Long and the Right honourable Frederick John Robinson, Joint Paymaster General of His Majesty's Guards, Garrisons and Land Forces, sum remaining due upon their final declared account of Widows Pensions, from 25th December 1816 to 13th August 1817	10 – –	Even and Quit	This Balance arises from a surcharge in respect of an overpayment of £. 10 to Margaret Lazenby, on account of her pension as widow of Lieutenant Lazenby, late of the 81st foot, from 25th April to 24th August 1811, she having previously received her pension for that period from the former Paymaster of Widows Pensions. In consideration of the smallness of the sum, the death of the party, and the probability that the Paymaster General would not be able at this distance of time to recover the money, their Lordships submitted a Warrant for the Royal Sign Manual, dated the 15th May 1823, for relieving the Accountants from the payment of the said sum of £. 10, and all interest which had accrued thereon, and from rendering any further or other account thereof.
John Sweetland, Esq. as late Principal Commissary of Stores and Provisions at Gibraltar, between 1801 and 1806	2,164 6 1¼	Even and Quit	The Account was declared on the 11th August 1819, with a Balance due to the public of £. 2,164. 6. 1¼. The Commissioners for Auditing Public Accounts represented to the Lords of the Treasury, that the Balance due upon this declared account (after deducting the sum of £. 217. 12. 1. for interest, which they recommended should not be charged against the Accountant, and after deducting also the sum of £. 344. 0. 3. the amount of commissions on certain disbursements for extra services to be allowed to the Accountant, would be reduced to £. 1,602. 13. 9¼.; they recommended, therefore, that the Accountant should be relieved from the payment of the said sums of £. 217. 12. 1. and £. 344. 0. 3. and also from the charge of interest upon the remainder of the said Balance, upon paying into the Exchequer the sum of £. 1,602. 13. 9¼. being the remaining Balance due upon his said declared account. A Warrant was accordingly submitted for His Majesty's Royal Signature, dated 31st May 1823, whereby the Accountant was relieved from rendering any further or other account.

Representatives of Mather Byles, Esq. deceased, as Acting Resident Commissary at Grenada, from the 25th December 1795 to the 23d February 1798 - -	3,266 17 1	Even and Quit	This Balance arose from certain surcharges, with interest thereon, upon Mr. Byles's Account to 23d February 1798, which was declared on 20th January 1821. A representation was made by the Commissioners for Auditing Public Accounts to the Lords of the Treasury upon the subject, from which it appeared that it was doubtful, from the circumstances under which the account was made up, and declared to the commissioners appointed for examining West India Accounts, whether any legal proceedings could be had for the recovery of any of this Balance; they therefore recommended, as the surcharges were made 22 years after the expenses were incurred, and 18 years after the death of the Accountant, that his representatives should be relieved from all further account, upon paying into the Exchequer the sum of £. 33. 18. $9\frac{1}{4}$. for which the Accountant had erroneously taken credit; and a Warrant, under His Majesty's Royal Sign Manual, dated the 31st May 1823, was granted for that purpose.
George White, Esq. as Assistant Commissary General at Corunna, from the 25th December 1813 to the 24th December 1814 - - - - - - -	539 9 $9\frac{1}{2}$	Even and Quit	The Account was declared on the 30th June 1819, with a Balance due to the public of £. 539. 9. $9\frac{1}{2}$. The Commissioners of Audit subsequently recommended on 16th January 1823, that three surcharges, amounting together to £. 58. 19. $11\frac{1}{2}$. should be remitted, and that the Accountant should be relieved from all further account, upon paying the Balance, with interest thereon, into the Exchequer. The Lords of the Treasury, in consequence of this recommendation, and of the payment of the Balance, submitted a Warrant for the Royal Sign Manual, dated the 9th June 1823, to the above effect.
The Right honourable Sir Charles Long and the Right honourable Frederick John Robinson, Joint Paymaster General of His Majesty's Guards, Garrisons and Land Forces, on their declared Account in respect of Half-pay, from 24th December 1816 to the 13th August 1817 - - - - -	135 10 7	Even and Quit	This Balance arises from a surcharge in respect to a payment made in April 1817, of the arrears of the half-pay of Lieutenant Edward Roberts, from December 1803 to June 1807, to his executor, to which he was not entitled, according to the provisions of law for regulating the payment of half-pay. The Commissioners for Auditing Public Accounts, on the 18th August 1823, represented to the Lords of the Treasury, that the arrears of half pay claimed had been outstanding for upwards of 10 years; that frequent alterations had taken place in the Acts of Parliament, by which the payment of half-pay was regulated, whereby some ambiguity had arisen as to the exceptions made in the Acts; that the payment made to the executor was immediately divided among the creditors of Lieutenant Roberts; and that no part of the sum so paid could now be recovered. They recommend, therefore, that the payment of this surcharge should not be enforced; and their Lordships coinciding in that opinion, submitted a Warrant for the Royal Sign Manual, dated the 24th of October 1823, for relieving the Accountants from the payment of the said sum of £. 135. 10. 7. and from rendering any further or other account thereof.

(*b*) IN consequence of a regulation recently adopted for postponing until *after* the Quarter has expired, agreeably to the established practice of the British Revenue, the payment of certain Salaries and Allowances which it was heretofore the custom to pay *before* its termination, the Sum above shown under the head of "Charges of Collection," being the Amount actually defrayed within the year, falls considerably short of the Sum which would otherwise have appeared under that head; inasmuch as it includes the Charge accruing for such Salaries and Allowances for the first Three Quarters only of the year 1824, the Charge for the last Quarter, amounting to £.44,163. 14*s*. 10¼*d*. being transferred to the Accounts of 1825; whereas according to the custom hitherto subsisting, the Charge for the whole Four Quarters would have been brought forward in the present Account; in which case the Total of "Charges of Collection" would have stood at £.411,587. instead of £.367,423. 5*s*. 1¾*d*. as above.

Note.—The Balances apparently in the hands of the present Collectors, were all expended in the Payment of Pensioners, &c. and not then replaced to the Revenue. The large Sum apparently in the hands of the Cashier arises partly from the same cause, and from Payments to the Solicitor and others, and Salaries and Incidents, in Edinburgh Collection, all not yet replaced to the Revenue or brought to Account.

The Sums which the Receivers General are allowed to retain out of the Monies received by them, for the purpose of meeting demands made on them, between the periods of their Receipts, do not in any case exceed £. 500. The excess of Balance which appears in some cases, is either in a course of remittance under the Receiver General's Contracts, or consists of Sums received on Arrears, which, under those Contracts, will remain in their hands, until, by further Sums received, they amount to £. 500.

The Balance will of course be something more than equal to such Instalments, or proportionate part of that Branch of Revenue, the same being now paid up as near as is practicable without great inconvenience.

* When the Net Revenue of a Post Town amounts to £. 150 per month, the Instalments are remitted every fortnight; *under* £. 150, every month.

Arrears to the Amount of £. 7,241. 14. 2. as returned in our last year's account to the 5th of January 1824, are still due from William Henry White, the late Acting Receiver General for divers counties; for the recovery of which, the Exchequer Process remains in force under the Extent issued against that Defaulter, in the year 1815.

Representatives of John Thomas Groves, Esq. deceased, on account of Money imprested to him in the year 1810, to defray the Expense of Works at the Houses of Parliament, and at the Speaker's House, in the year 1810:			This Account was declared on the 1st of August 1822, with a Balance due to the public, of £. 2,458. 0. 8 ¾. for principal, and £. 803. 7. 10 ¾. for interest, amounting together to £. 3,261. 8. 7 ¾. which sum, under the provisions of the Act 39 & 40 Geo. 3. c. 54. was chargeable with interest from 5th July 1822. But it having been represented to the Lords of the Treasury, that the Accountant at the time of his death had a claim upon His Majesty's Government, in respect of certain architectural plans or designs which he had furnished for the Post Office in Dublin, amounting to £. 505. 3. and that the said claim had been admitted by the Postmaster General, and remained due to the Accountant's estate, their Lordships considered it just and reasonable that the said sum of £. 505. 3. should be allowed in diminution of the Balance of £. 2,458. 0. 8 ¾. And their Lordships likewise considering the length of time the claim had remained unsatisfied, and the various other circumstances which had for a long time impeded the settlement of the account, and occasioned great uncertainty as to the amount of the final Balance; and being of opinion that the estate should also be relieved from the payment of the interest which had then accrued, a warrant was submitted

Representatives of John Thomas Groves, Esq. deceased, &c.—*continued.*			submitted for His Majesty's Royal Signature (dated the 7th January 1824) for that purpose. A detailed statement of the personal estate of the Accountant, and of the demands thereon, was subsequently submitted to their Lordships, by Mrs. Jane Groves, his widow and personal representative, setting forth, that the payments actually made by her in respect of those demands, considerably exceeded the amount of his personal effects; and that the only property which could be made available towards the payment of the debt due to the Public, on his declared account, consisted of a small estate at Marlow, in the County of Bucks, of the value of about £. 825; and a proposal having been made at the same time to their Lordships, by the family of the Accountant (with a view of preserving the said estate for the benefit of his children) to advance the sum of £. 1,000 in satisfaction of the principal and interest remainining due upon his said declared account, their Lordships, in consideration of the said sum of £. 1,000 having been paid into the Exchequer, and under all the special circumstances of this case, submitted a Warrant for His Majesty's Royal Signature (dated the 28th August 1824) for relieving the representatives of the Accountant from any further payment in respect of principal or interest of the aforesaid Balance.
The Widow and Administratrix of Sir Home Popham, deceased, late a Rear Admiral in the Navy, as superintendent of Inland Navigation in Holland, between the years 1793 and 1796, and on similar and other services connected with the expedition to Holland, in the year 1799; and also on a Mission to St. Petersburgh, in the years 1799 and 1800 - - - - -	3,207 19 2	Even and Quit.	On the 16th of April 1822, the Commissioners for auditing Public Accounts, submitted to the Lords of the Treasury a state of the account of Sir Home Popham, from which it appeared that he was indebted to the Public in the sum of £. 3,207. 19. 2. And it having been represented to their Lordships, by the widow and executrix of the Accountant, that the transactions to which the above accounts relate, took place at a remote period, the principal of them being between the years 1793 and 1796; that the Accountant had been subsequently almost constantly employed on distant foreign stations; that he had delivered his final account for examination in the year 1816, when, according to his own statement, a Balance of £. 1,075. 16. 11. was due to him from the Public; and it having appeared to their Lordships, that he was not apprized until the year 1819, at which time he was Commander in Chief on the Jamaica station, of the surcharges and disallowances made on the examination of his accounts; and that having died in the subsequent year, he might not have had sufficient opportunities of submitting such explanations as he might have had to offer on the subject of those surcharges, previously to the same being confirmed; they were of opinion, under these special circumstances, that it might be just and reasonable to relieve the widow and administratrix of the Accountant, from all further account of the monies imprested to her husband, upon paying into the receipt of His Majesty's Exchequer, the sum of £. 1,603. 19. 7. being a moiety of the Balance due on the said Accounts, as stated by the Commissioners of Audit. And they therefore submitted a Warrant for the Royal Sign Manual (dated the 20th January 1824) for relieving her accordingly. *Note.*—The sum of £. 1,603. 19. 7. has been paid into the Exchequer by Lady Popham.
The Representative of Captain Francis Nelson, deceased, as Acting Commissary General, under Commissary General Sir Robert Kennedy, for services in Spain and Portugal, from 11th June 1810 to the 16th Sept. 1811, declared on the 20th June 1823, with a Balance of - - - - - - -	701 1 4		The amount due upon the accounts of this Accountant, as stated by the Commissioners of Audit, was £. 2,209. 2. 6. but it appeared to the Lords of the Treasury, upon a representation made to them by the Commissioners of Audit, that it was fit and reasonable to remit sundry surcharges to the amount of £. 49. 10. 2 ½. such surcharges consisting of over-payments from errors of computation, the payments having been actually made, whereby the debt was reduced to £. 2,159. 12. 4. The Representative of Captain Francis Nelson, deceased, &c.—*continued.*			Mrs. E. Pepperill, the administratrix of the Accountant, having shown the difficult circumstances in which she had been placed with regard to answering queries and observations arising on the said accounts (the Accountant himself having died in the year 1811) by not having had the means of referring to the Accountant's papers, many of which there was reason to believe were lost or destroyed by the accidents of war; and having represented her own unavoidable ignorance of the transactions, and the hardships which she had experienced from having had no notice or information previously to the year 1822, of the existence of any claim of the Public against the estate of the Accountant, being nearly eleven years after the transactions took place; and having prayed, in consideration of these circumstances, a remission of the said debt, upon her paying the sum of £. 1,080, a moiety thereof, into the Exchequer forthwith; their Lordships, upon a full consideration of the several facts set forth in the said Memorials, and of her having paid the said sum of £. 1,080 into the Exchequer, were of opinion, that it would be a reasonable exercise of liberality and indulgence, founded on the special circumstances of the case, to submit for His Majesty's Royal Signature, a Warrant for granting the relief prayed for, and a Royal Sign Manual Warrant (dated the 6th September 1824) was granted accordingly, for discharging and relieving the Representative of the Accountant from making any further payment in respect of principal or interest of the aforesaid Debt, and from all responsibility touching the same.
Colonel William Armstrong, as Acting Barrack Master General in Canada, from 25th Sept. 1812 to 24th June 1813 -	83 10 5½	Even and Quit.	On the 24th of November 1824, the Commissioners for Auditing the Public Accounts represented to the Lords of the Treasury, that this Balance remained due to the Public upon this declared account, and arose from an over credit, the charge having been previously allowed to the Accountant, as money represented by him to have been in the hands of his Sub-accountant; and they stated, that in consideration of his services, distressed situation, and his very advanced age, they considered this as a case which might be properly recommended for indulgent consideration. Their Lordships concurring in that opinion, submitted a Warrant for His Majesty's Royal Sign Manual (dated the 21st December 1824) for relieving the Accountant from the payment of the said Balance, and of all interest which had accrued thereon.

Whitehall, Treasury Chambers, 24th January 1825.

Custom House Dublin,
26th February 1825.

W^m Marrable,
Inspector Gen^l of the Imports and Exports of Ireland.

Note:—THE amount of the Import and Export Trade between Great Britain and Ireland, which in former years has been comprehended in this Account, is now embodied in the preceding Account of the Trade of Great Britain, N° 142. This arrangement has been rendered necessary by the discontinuance of the Record, heretofore kept in Ireland, of the interchange of free Goods between the two Countries, a counterpart to which Record being kept in London, the British registers have now been adopted as the basis of the annual Statement, in relation to the Cross Channel Trade. The Official Value of the Imports and Exports, constituting this branch of Trade, for the last year, has consequently been computed at the British rates of valuation, which differ from those established in Ireland; but in order to afford a just view of the extent of the trade, as compared with that of previous years, the amounts of the Imports and Exports for the Years ended 5th January 1823 and 5th January 1824, are also brought forward in the Account N° 142, according to the British valuation, in the room of the amounts exhibited in the Irish Returns for the respective periods.
